

Family Talk – An Innocent Question

READ TOGETHER

Matthew 19:25-26

1. Where do you have a hard time trusting God's power?
2. How can you pray when you ask God to do the impossible?

LIVE IT

All of us have moments where we forget how powerful God is. Consider these situations: You need money or food and wonder if God will provide it. You see rotten things happen to people you love and wonder if God can do anything about it. One day, you may be in a situation that seems impossible to get out of, and think God won't come through.

God is there, and He's powerful enough to do whatever He wants, but we have to trust that His way is the best. Jesus was a perfect example of this. He was the Messiah, the one the Jews thought would make a perfect nation, defeat all of their enemies, and give them peace. But God had a bigger, more impossible goal. Through Jesus, God saved us from our sins so we could have a relationship with Him. That's the most excellent Christmas present ever! And that's the God we serve. When life is hard, instead of focusing on how hard it is, focus on God. That's where He shows up in ways that will amaze us.

LEAN ON GOD

Dear God,

Thank You for being so big and powerful. Nothing is too enormous for You. You make the impossible possible. Help us to trust You and to want what You want.

Amen.
