

Family Talk – Mothering through Crises

READ TOGETHER

Exodus 2:1–10

Moses had an amazing mother. What made Jochebed so impressive was how she responded in extreme adversity. The Pharaoh wanted every male Hebrew born, killed at birth. She defied that order and hid her baby for three months even though she was putting her family in danger. In her most desperate time, she trusted God, put her son in a basket, and placed it in the reeds of the Nile River hoping someone would save him.

Jochebed was given the task to birth, feed and save her baby. She saw him grow up and become educated in the best schools. Did she get to see the sacrifices he made for his people, like Jesus did?

LIVE IT

Moses had two mothers. Did he ever get to tell them what they meant to him? This Mother's Day identify the women God is using in your life or your kids' lives. Tell them what they mean to you and how they've helped you be the person God designed you to be.

LEAN ON GOD

God,

Thank you for all the mother figures in our lives. Help them know that what they do is appreciated, and what you've given them to do is life-saving and life-changing.

In Jesus name we pray,
Amen
